Ascendigo Blue 2025 in Full **COLOR**!

Welcome to the 14th Annual ASCENDIGO BLUE ASPEN autism benefit gala.

This year, we embrace the vibrant diversity of the autism community through a stunning display of colors in fashion. Our style guide is designed to inspire your attire choices for this special evening, ensuring that everyone feels celebrated and confident.

The theme emphasizes the beauty of individuality and the spectrum of experiences within the autism community. We encourage you to express your personal style, reflecting the colors that resonate with you. Whether bold and bright or soft and subtle, every choice contributes to the evening's celebration.

Theme: This year's theme is **COLOR** as we celebrate **EVERY COLOR** of the spectrum.

Colorful Attire: Embrace the theme by incorporating colors that represent the spectrum. Think bright hues, unique patterns, and textures. Feel free to mix and match to create a look that is uniquely you.

Formal Wear: While we celebrate creativity, we also encourage a level of sophistication. Formal dresses, suits, and tuxedos are welcomed, but with a twist—add colorful accessories or a statement piece that showcases your personality.

Comfort is Key: Choose outfits that not only look great but also make you feel comfortable. The gala is a time to connect and celebrate, so be sure to select clothing that allows for ease of movement.
